Subject: Ecommerce Website development with Django

We wish to introduce ourselves as AWS SOLUTION PVT LTD, one the prominent software companies of Uttar Pradesh having its office located in Ayodhya. A dynamic new generation software solution & Handyman Services company.

As per our discussion, I've to create a fully dynamic and responsive eCommerce website with admin panel.

Featured Provide in Website:

- | | |
|------------------------|--------------------|
| • Domain (not premium) | Reviews |
| • Logo | Wishlist |
| • Admin panel | Filters |
| • Mobile friendly | Checkout |
| • All mandatory pages | Sales Notification |
| • Payment modules | |
| • User login panel | |

Development Time & Cost

Project needs min 30 days to complete everything.

Total cost of development: **80,000 INR** including Tax

Payment terms: 50% advance along with placement of order and balance 50% within 6 days completion and implementation of project via wire transfer or Online Banking (Mobile Banking).
